### Types of Work Licensee Can Perform

#### Commercial Pool/Spa Contractor

This contractor can build or repair any swimming pool or spa, both public and private. This contractor's scope of work includes the installation and repair of equipment, work on interior finishes, the installation of package pool heaters, the installation of perimeter and filter piping, and the construction of equipment rooms or housing for pool/spa equipment. This contractor cannot make direct connections to water or sewer lines.

Water treatment and cleaning that does not require the installation, construction, replacement, or modification of equipment does not require a license. Filters may be changed without a license.
